N 1 Issue X

Why Supabase Keeper?

Keep your Supabase free tier projects active without manual intervention

Automated Pings

Automatically ping your Supabase projects every 24 hours to keep them active and prevent service pausing.

Secure & Reliable

Your Supabase credentials are stored securely with encrypted authentication. We only ping, never modify your data.

Easy Dashboard

Manage multiple Supabase projects from one simple dashboard. Add, monitor, and remove projects with ease.
